Director Rolla:

I trust you are in receipt of my correspondence, as directed by your letter mailed in Washington 11 October 2002. I hope the materials submitted are satisfactory and comply with your specifications.

Among the materials submitted were forms requesting a change of address. I am concerned that you may have mailed a notice of your determination as to the status of our application and that it may have been misdirected. [ie., directed to the old San Francisco address or simply lost while en-route to Tubac. The mail service in this part of Arizona is notoriously slow and not reliable]

I will attempt to establish direct telephone contact with you later this day or tomorrow, but considering your busy schedule, it may be difficult.

Sincerely,

Al Topping
